PROFILE

A self-motivated and enthusiastic individual with a B.E in Computer Science & Engineering looking for a role of MERN stack developer at a reputed organisation where I can use my knowledge and Skills of design and development as per client's requirements to develop the company and further learn new things and gain professional experience alongside.

EXPERIENCE

ASSISTANT SYSTEM ENGINEER

Tata Consultancy Services (TCS) – 1.7 years

From Feb 2021 to Sep 2022

Got trained and understand the whole working of an application named Reporting and Track & Trace. Handled the tickets raised by various client users having issues or need any changes in the application and provided the proper resolution within the given SLA. Guided and managed the team by assigning tickets and tracking the status for making sure to avoid missing SLA's
